## İSTİKLÂL MARŞI

Korkma, sönmez bu şafaklarda yüzen al sancak;  
Sönmeden yurdumun üstünde tüten en son ocak.  
O benim milletimin yıldızıdır, parlayacak;  
O benimdir, o benim milletimindir ancak.

Çatma, kurban olayım, çehreni ey nazlı hilâl!  
Kahraman ırkıma bir gül! Ne bu şiddet, bu celâl?  
Sana olmaz dökülen kanlarımız sonra helâl.  
Hakkıdır Hakk'a tapan milletimin istiklâl.

Ben ezelden beridir hür yaşadım, hür yaşarım.  
Hangi çılgın bana zincir vuracakmış? Şaşarım!  
Kükremiş sel gibiyim, bendimi çiğner, aşarım.  
Yırtarım dağları, enginlere sığmam, taşarım.

Garbın âfâkını sarmışsa çelik zırhlı duvar,  
Benim iman dolu göğsüm gibi serhaddim var.  
Ulusun, korkma! Nasıl böyle bir imanı boğar,  
Medeniyet dediğin tek dişi kalmış canavar?

Arkadaş, yurduma alçakları uğratma sakın;  
Siper et gövdeni, dursun bu hayâsızca akın.  
Doğacaktır sana va'dettiği günler Hakk'ın;  
Kim bilir, belki yarın, belki yarından da yakın.

Bastığın yerleri toprak diyerek geçme, tanı:  
Düşün altındaki binlerce kefensiz yatanı.  
Sen şehit oğlusun, incitme, yazıktır, atanı:  
Verme, dünyaları alsan da bu cennet vatanı.

Kim bu cennet vatanın uğruna olmaz ki feda?  
Şüheda fışkıracak toprağı sıksan, şüheda!  
Cânı, cânânı, bütün varımı alsın da Huda,  
Etmesin tek vatanımdan beni dünyada cüda.

Ruhumun senden İlahî, şudur ancak emeli:  
Değmesin mabedimin göğsüne nâmahrem eli.  
Bu ezanlar -ki şehadetleri dinin temeli-  
Ebedî yurdumun üstünde benim inlemeli.

O zaman vecd ile bin secde eder -varsa- taşım,  
Her cerihamdan İlahî, boşanıp kanlı yaşım,  
Fışkırır ruh-ı mücerret gibi yerden na'sım;  
O zaman yükselerek arşa değer belki başım.

Dalgalan sen de şafaklar gibi ey şanlı hilâl!  
Olsun artık dökülen kanlarımın hepsi helâl.  
Ebediyyen sana yok, ırkıma yok izmihlâl;  
Hakkıdır hür yaşamış bayrağımın hürriyyet;  
Hakkıdır Hakk'a tapan milletimin istiklâl!

## GENÇLİĞE HİTABE

Ey Türk gençliği! Birinci vazifen, Türk istiklâlini, Türk Cumhuriyetini, ilelebet muhafaza ve müdafaa etmektir.

Mevcudiyetinin ve istikbalinin yegâne temeli budur. Bu temel, senin en kıymetli hazinendir. İstikbalde dahi, seni bu hazineden mahrum etmek isteyecek dâhilî ve hâricî bedhahların olacaktır. Bir gün, istiklâl ve cumhuriyeti müdafaa mecburiyetine düşersen, vazifeye atılmak için, içinde bulunacağın vaziyetin imkân ve şeraitini düşünmeyeceksin! Bu imkân ve şerait, çok namüsaid bir mahiyette tezahür edebilir. İstiklâl ve cumhuriyetine kastedecek düşmanlar, bütün dünyada emsali görülmemiş bir galibiyetin mümessili olabilirler. Cebren ve hile ile aziz vatanın bütün kaleleri zapt edilmiş, bütün tersanelerine girilmiş, bütün orduları dağıtılmış ve memleketin her köşesi bilfiil işgal edilmiş olabilir. Bütün bu şeraitten daha elîm ve daha vahim olmak üzere, memleketin dâhilinde iktidara sahip olanlar gaflet ve dalâlet ve hattâ hıyanet içinde bulunabilirler. Hattâ bu iktidar sahipleri şahsî menfaatlerini, müstevlîlerin siyasî emelleriyle tevhit edebilirler. Millet, fakr u zaruret içinde harap ve bîtap düşmüş olabilir.

Ey Türk istikbalinin evlâdı! İşte, bu ahval ve şerait içinde dahi vazifen, Türk istiklâl ve cumhuriyetini kurtarmaktır. Muhtaç olduğun kudret, damarlarındaki asil kanda mevcuttur.

I'm short. I'm ..... (1). I dance. I play ball.

It doesn't matter because we're friends.

I'm black. I'm white. I like the ..... (2). I like the night.

It doesn't matter because we're friends.

I like you because you're ..... (3) to be with.

I like you because you make me smile.

I like you because you're always there.

I hope we're friends for a long, long while.

My eyes are brown. My eyes are blue.

It doesn't matter because we're friends.

I like the sun. I like the rain. I walk ..... (4). I use a cane.

It doesn't matter because we're friends.

I like you because you're fun to be with.

I like you because you make me smile.

I like you because you're always there.

I hope we're friends for a long, long while.

**2** Tick (✓) the quotation/proverb below that best describes friendship in your opinion. Then share the quotations/proverbs about friendship in Turkish.

- Friends show their love in times of trouble, not in happiness. (*Euripides*)
- Don't walk behind me; I may not lead. Don't walk in front of me; I may not follow. Just walk beside me and be my friend. (*Albert Camus*)
- Walking with a friend in the dark is better than walking alone in the light. (*Helen Keller*)
- You never really know your friends from your enemies until the ice breaks. (*Eskimo Proverb*)
- The road to a friend's house is never long. (*Danish Proverb*)

**3** Can a person with the personal traits below be your best friend? Tick (✓) or cross (✗).

- |  |  |                                       |                                     |
|--|--|---------------------------------------|-------------------------------------|
| <input type="checkbox"/> honest        | <input type="checkbox"/> generous      | <input type="checkbox"/> bad-tempered | <input type="checkbox"/> helpful    |
| <input type="checkbox"/> jealous       | <input type="checkbox"/> self-centered | <input type="checkbox"/> mean         | <input type="checkbox"/> unreliable |
| <input type="checkbox"/> understanding | <input type="checkbox"/> caring        | <input type="checkbox"/> aggressive   | <input type="checkbox"/> stubborn   |
| <input type="checkbox"/> tactful       | <input type="checkbox"/> fair          | <input type="checkbox"/> adventurous  | <input type="checkbox"/> amusing    |
| <input type="checkbox"/> sneaky        | <input type="checkbox"/> loyal         | <input type="checkbox"/> arrogant     | <input type="checkbox"/> determined |

**4** What are the personal traits of a good and a bad friend to you? Why? Share your reasons with your classmates.

**Example:** To me, a good friend is an honest person because I hate sneaky people. A bad friend is an aggressive person because I need tactful and caring people around me.

## Lesson 2

## 1 Match the sentences with the photos.

- 2 We sometimes have slumber parties with the girls. We chat about many things all night.
- I love going to the theater with my friends. I really like the atmosphere there.
- We celebrate our friends' birthdays at a nice place every year.
- I like having a picnic with my family. It's very relaxing.
- Amusement parks! My friends and I love spending time there. It's so exciting.
- We have great fun at the concerts. We listen to music and dance for hours.

2 **Group Work:** What other things do you like doing with your friends or family? Why? Discuss in your group and then share the interesting ones with the class.

Lesson 3

1 Scan the menu below and add one more food/drink to each category.

**EVERGREEN RESTAURANT**

## Menu

2 **Pair Work:** Imagine that you are at a restaurant with your family or friends. Look at the menu above and order your dishes and drinks. Follow the example.

*Example: Waiter: What would you like?*

*You : I'd like today's soup, fish, carrot salad and lemonade, please.*

3 Imagine that you are a waiter at a restaurant and your friends are customers. Ask three of your friends for their orders and complete the table below.

Your Friend's Name	His/Her Orders

**4**  **1.2** Listen and circle what Barbara orders on the menu.

- Waiter** : Hello! May I take your order?  
**Adam** : Yes, please. Barbara! What would you like to have?  
**Barbara** : Well, I'd like lentil soup first.  
**Waiter** : Lentil soup. OK. What would you like to have for a main course?  
**Barbara** : I'd like a mixed kebab, please.  
**Waiter** : All right. Would you like to have a dessert?  
**Barbara** : Yes. I'd like a piece of apple pie.  
**Waiter** : All right. And would you like anything to drink?  
**Barbara** : No, thank you.

**5** **Pair Work:** Read and practice the conversation.

**6**  **1.3** Listen to the rest of the conversation and write down what Adam orders.

Soup : ..... Dessert : .....  
 Main Course : ..... Beverage : .....

**7** **Role Play:** Work in groups of three. Imagine that one of you is a waiter/waitress and the others are customers at a restaurant. Write a role play and act it out in the class. Study the box below to help you.

What would you like?	I'd like to have chicken soup.
Would you like fruit juice?	No, thank you.
Would you like some tea?	Yes, that would be great.

Dear Jess,

First, thank you for organizing the class reunion. I'd love to come to the event. It's so nice to meet up with our friends. We can talk about our memories and our new lives. I have one question. Can our parents join the event?

Hope to see you all.

Love  
Angelina

1 Dear Jess,

2 Thank you for the nice invitation. I'm sorry, but I can't attend the event. I'd love to see all my old friends, but we are going on vacation on April 30.

See you later.

3 Sincerely,

4 Brad

4 Who's your best friend? What makes him/her special? Share your ideas.

*Example: Selin is my best friend because we have great time together. I always trust her.*

PROJECT

1 Work in pairs. Write a dialog and then act it out. Follow the information below.

Imagine that your partner is your best friend. You invite him/her home and he/she comes over to your house. Then your dialog starts. While you prepare the dialog, you should divide it into three parts.

Part 1

Welcome your friend and let him/her come in.

Part 2

Serve food/drinks and chat. You may offer to do something fun at home.

Part 3

Say goodbye and invite him/her to come over again.

I watch a movie with my friends **on Saturday evenings**. I usually go to bed **after 23:30 on Fridays and Saturdays**.*

### 3 Read the text. Check (✓) the correct boxes. Correct the false statements.

Hello. My name's Jessica, but everybody calls me Jess. I get up very early in the morning. I wash my face and hands. After I have breakfast, I skate to school. I love skating. I have two very close friends. Their names are Peter and Nicole.

Nicole likes music a lot. She loves rap, but she doesn't listen to pop. She can't stand it. She's very good at school subjects. She joins in many after-school activities every day, and she always reads books. She doesn't watch TV a lot, but she surfs the Internet.

Peter has two great hobbies; basketball and music. He listens to heavy metal, but I think it is unbearable. He's on the school basketball team. He has training from 4:00 to 6:00 on weekdays. I think it is difficult.

## BEYOND THE BORDERS

## Being a Teenager

Hello! My name's Devans Sharma. We live in Noida, India. My mother wakes my sisters and me up at 6:15 every morning. I brush my teeth, take a bath and get dressed for school in the mornings. After I have breakfast, I take my **huge** bag and run for my school bus. On the bus, I listen to **bhangra** music on my cell phone. Bhangra music and dance are very popular in India. When I get to school, I **greet** my friends and we have a chat. I love my teachers, but they always give us a lot of homework.

I have school club activities on Tuesdays and Thursdays. I am in the movie club. My favorite movie is *3 Idiots*. It's an excellent **comedy** movie.

I come back home at about 6:00 in the evenings. First, I play with my sisters. Then I have dinner with my family. My favorite meal is **biryani**. I love eating this traditional meal at dinner. Then I usually surf the Internet. I go to bed at about 11:00.

Hi! My name's Hailey Walker. I live in the **countryside** of Queensland, Australia. A **typical** day in my life starts at about 7:00. My mother drives me to school every morning at 8:00. When my school finishes, my father picks me up at about 5:30.

When I arrive home, first, I **feed** the chickens, my dog and my kangaroo. Then I sometimes help my mother **prepare** the dinner and chat with her about my day. After the dinner, I do my homework and listen to pop music. My favorite singer is Kylie Minogue. I sometimes watch movies. My favorite movie is *The Water Diviner* by Russell Crowe. And I sleep at about 10:30 p.m.

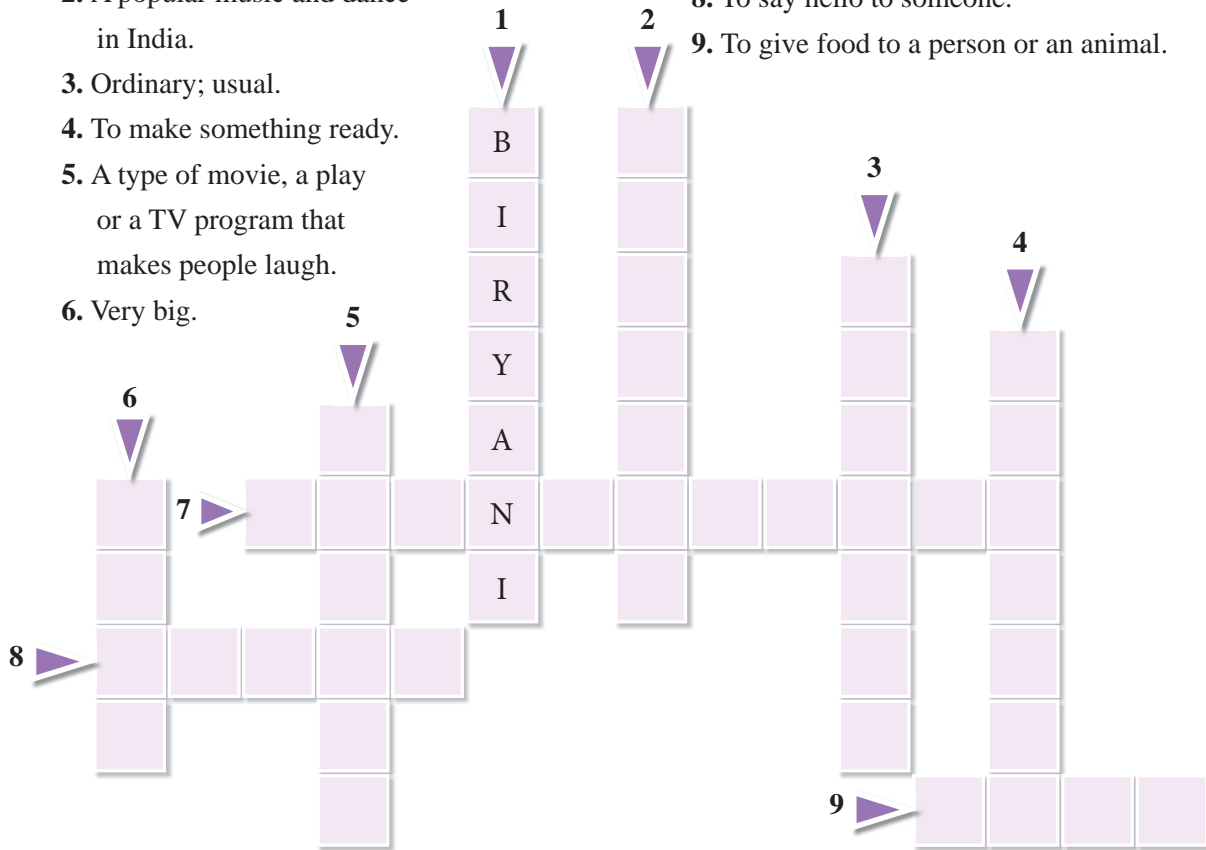

**3** Look at the highlighted words in the text and do the puzzle.

**DOWN** ▼

1. A traditional Indian meal.
2. A popular music and dance in India.
3. Ordinary; usual.
4. To make something ready.
5. A type of movie, a play or a TV program that makes people laugh.
6. Very big.

**ACROSS** ➡

7. Land that is outside of cities and towns.
8. To say hello to someone.
9. To give food to a person or an animal.

**4** Read the text and answer the questions.

1. What does Devans do in the mornings? .....
2. How does he go to school? .....
3. What's his favorite movie? .....
4. What does he do after dinner? .....
5. Where does Hailey live? .....
6. What time does she go to school? .....
7. Who's her favorite singer? .....

**5** What are the similarities and differences when you compare yourself with Devans or Hailey? Write two similar and two different things. Then share them with the class.

**Example:** *Similar:* Hailey listens to pop music, and I listen to pop music, too.

*Different:* Devans goes to school by school bus, but I go to school on foot.

## Lesson 6

**1** What do you usually do with your family? How often do you do those things? What do you like/dislike doing most with them? Share your ideas with your friends.

**Example:**

**Student A:** *I like visiting my grandparents. My parents, my sister and I visit them twice a week. I love eating my grandmother's meals. I like chatting with my grandfather. I always learn new things from them. It's always fun to spend time with them.*

**Student B:** *We often go camping as a family on Sundays. We love being in nature. First of all, we go trekking and take photos. Then we make a campfire and enjoy the nature.*

- How many cookies could a good cook cook if a good cook could cook cookies?
- A good cook could cook as much cookies as a good cook who could cook cookies.

PROJECT

1 Read the information below and prepare a recipe poster.

You should prepare a poster that shows a traditional Turkish dish/dessert/drink for visitors from other countries. Search for different dishes, desserts or drinks on the Internet, or ask your parents, grandparents or other relatives for help. Prepare your poster on a large size paper sheet. Write about the ingredients and the steps of the dish/dessert/drink. Use photos to make your poster interesting and eye-catching. You may also record the steps while you prepare it.

2 Display your work in the class. Go around the class. Ask and answer questions about your friends' recipes. You may talk in Turkish when necessary.

## ON THE PHONE

Lesson 1

1 Match the ways of communication with the photos. Write the correct letters in the boxes.

E text a message

write a letter/postcard

make a phone call

talk face to face

send an email

use social networks

2 4.1 Listen and write the number of the people in the order you hear.

- My friends and I send messages to each other all the time because it is always easier and faster.
- I don't like online communication. I prefer meeting up and talking face to face.
- 1 I know it is an old-fashioned way, but I love sending letters or postcards to my friends when I don't see them for a long time.
- I think the best way to communicate with my friends is social networks. You can share your opinions, music, videos, etc. It's always more fun to use social networks.
- I phone my friends to keep in touch. My parents get angry with me because I sometimes talk on the phone for hours.
- I like sending emails to my friends, especially when I want to share photos and homework.

3 How do you communicate with your friends? Why? Share your ideas with your classmates.

## Lesson 2

- 1 In what ways did people communicate throughout history? Give examples.
- 2 Read the text and answer the questions below. Give short answers where possible.
  1. For what purpose did Chinese soldiers use smoke signals?
  2. Who invented the first printing machine?
  3. What were the first words on the telephone?
  4. When did John Logie Baird make the first transatlantic television transmission?

### HISTORY OF COMMUNICATION

People used different ways to communicate in history. Chinese soldiers used smoke signals to warn their commanders in 1800 BC. Abbasids started to use messenger birds to have information from distant places in 1150. A German goldsmith, Johannes Gutenberg invented the first printing machine in 1454. After that, people started to share their opinions much easier. Samuel Morse invented the telegraph in 1794. It was faster than letters. When Alexander Graham Bell invented the first telephone in 1876, his first words were *"Mr. Watson. Come here. I want to see you."* In 1896, Guglielmo Marconi invented the first radio, but its range was about only one mile.

John Logie Baird invented the television in 1927 and one year later, he made the first transatlantic television transmission. Martin Cooper invented the first cell phone in 1973. Finally, the biggest invention, the Internet, became a reality in 1983.

- 3 Read the text and write the dates of the ways of communication.

1800 BC	smoke signals		printing machine		messenger birds
	telegraph		telephone		radio
	television		cell phone		the Internet

- 4 What are the latest technological developments in communication? Give some examples.

- Benjamin** : I got it. That's 345. Thank you for your help, Zoe.
- Zoe** : No problem. Take care. Bye.

## 6 **Pair Work:** Use the information below and write a conversation. Then act it out in the class.

**Student A:** You want to buy something online via your credit card for the first time, but you don't know how to do it. Call a friend to ask for help. Ask for clarification when you don't understand anything.

**Student B:** Your friend wants to buy something online, but he/she has some problems. Help him/her how to buy the thing(s) he/she wants. Answer your friend's follow-up questions to make yourself clear.

## Lesson 4

## 1 Match the acronyms with the phrases below.

_____ <u>2NITE</u> Tonight.	_____ Great!	_____ As soon as possible.
_____ What's up with you?	_____ Get well soon!	_____ Oh my God!
_____ By the way!	_____ I love you.	_____ Thanks.
_____ Bye for now.	_____ Later.	_____ Take care.
_____ See you.	_____ Lots of love.	_____ You, too.
_____ Face to face.	_____ No problem!	_____ Where were you?

## 2 Read the texts A (on this page), B and C (on the next page) and answer the questions.

**Text A:** What's Emily inviting Melissa to?

**Text B:** What does Ann want to do with Joe at seven in the evening?

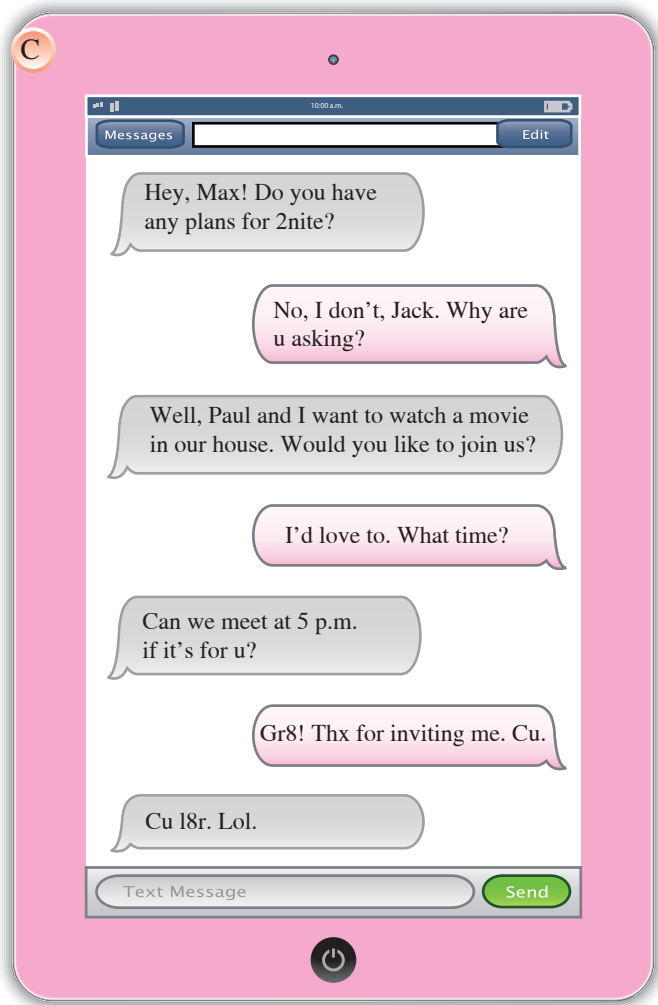

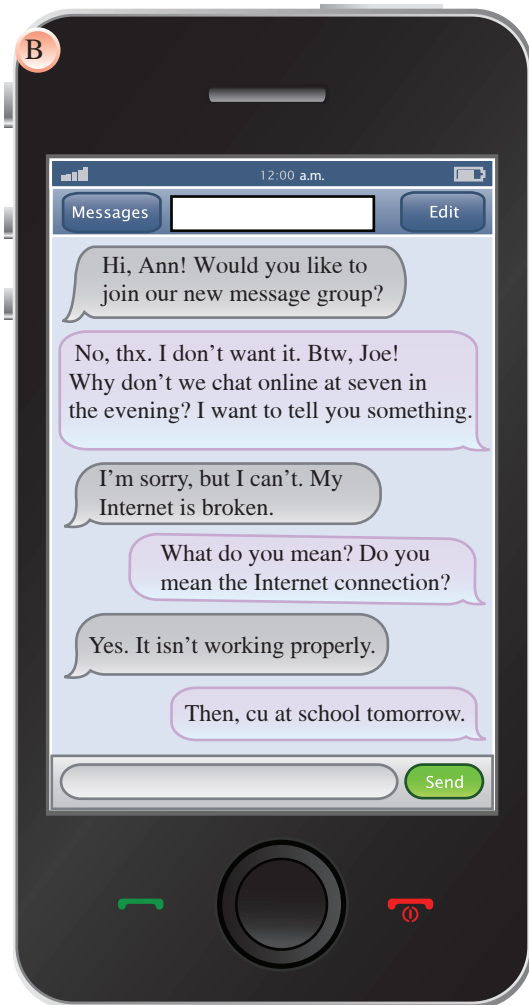

**Text C:** What's Jack inviting Max to?

A

Dear Melissa,

How are u doing? I haven't seen u for ages. I have gr8 news. Maybe u know! I am graduating from the middle school on June 18. I hope there will be a graduation ceremony at 3:30 p.m. on Friday. Omg, isn't it gr8? After four years at middle school, I will start high school. I hope u can come to my graduation ceremony. Please tell me that u will come. I really want to see u at my graduation. The ceremony will probably take place at the gym of my school, and I think there will be live music and fun right after we get our diplomas. Btw, I hope John also will be there. We can have dinner and chat f2f at a nice cafe after the ceremony. It's my treat.

Lol, Emily

### 3 Read the messages in Part 2 again and answer the questions.

1. When is Emily graduating from the middle school?
2. Where will Emily's graduation ceremony probably take place?
3. What's the problem with Joe's Internet?
4. What time will Max and his friends meet for the activity?

### 4 **Pair Work:** Read the information below and write a chat dialog as in Part 2.

**Student A:** Imagine that there is a spring festival and a very famous singer is giving a concert. You have two tickets for the event. Greet your friend and invite him/her to the event.

**Student B:** Your friend is inviting you to a concert. If you accept the invitation, ask for details. If you refuse it, state your excuse gently, and then invite him/her for another activity at a later time.

## Lesson 5

**1** How many different social media accounts do you have? How many hours do you spend a day on social media? Share your ideas with your friends.

**2** Read the brochure about social media below and choose the main idea of it.

- The brochure is about ...
- what your social media habits say about you.
  - the statistics of social media usage.
  - the disadvantages of social media.

Social media is an important part of our lives. Social media use is now widespread and more influential than ever. The statistics about the usage of social media seems to be very interesting. Today, more than 2.5 billion people are now active on social media worldwide. The most popular social networking site has about 1.86 billion active users. More than 90% of those between 18 and 29 years old are social media users. 88% of individuals aged 30 to 49 are engaged in social media. 43% of those aged 65 years old and above are engaged in social media. Nearly 80% of users access social media via a mobile device.

**3** Read the brochure about social media again and answer the questions. Give short answers.

- What's the total number of active social media users in the world?
- In what age group is using social media the most popular?
- How do the users mostly access social media?
- How many active users does the most popular social networking site have?

**4** Choose a word or an expression about the Internet. Go to the board and try to explain what it is to your friends. You may use phrases/sentences, mimics, gestures, etc. to explain the word/ expression, but you can't say the word/expression itself.

PROJECT

**1** Prepare a questionnaire about your friends' Internet habits. Write 10-15 questions in your questionnaire. Share the results with your friends.

**Example:** Selin uses social networking sites once a day. Ahmet usually enters the Internet via his smartphone. Ecem often does research on her tablet computer. Süleyman plays computer games online on weekends.

## ADVENTURES

## Lesson 1

1 Match the adventures with the photos. Write the correct letters in the boxes.

J go rafting in the Black Sea Region

climb a mountain in the Swiss Alps

join a motorcycle tour on a mountainous road

take photographs of the whales in South Africa

fly in a hot-air balloon over Cappadocia

ride an elephant in the forest

go scuba diving in the ocean

go on a jeep safari in the desert

go caving in Antalya

do bungee jumping in Australia

- 2** Choose two of the adventure types in Part 1 (or some other adventure types) and compare them. Use the box below to give you ideas.

Taking photos of animals is **safer than** scuba diving.

Flying in a hot-air balloon is **easier than** bungee jumping.

Rafting is **more entertaining than** caving.

Riding an elephant is **less dangerous than** climbing a mountain.

Going on a jeep safari is **better than** joining a motorcycle tour.

Climbing is **worse than** swimming.

safe-safer

easy-easier

entertaining-more entertaining

dangerous-less dangerous

good-better

bad-worse

- 3** What do you see in the photos? Share your ideas with your friends.

- 4** Listen, check your guesses and match the names of the places with the photos above.

Great Barrier Reef  Opera House and Sydney Harbor Bridge  Overland Track in Tasmania

- 5** Listen again and answer the questions.

1. What's the best time to visit Australia?
2. How long is the trekking route in Overland Track in Tasmania?
3. When does Australian Open Tennis Tournament take place?
4. How much does it cost to do bungee jumping in Kingston Park Raceway?
5. Why does the narrator prefer a boomerang as a gift?

- 6** **Group Work:** Talk about your hometown or an interesting place in Türkiye. Prepare some questions to ask your friends. You may use the questions below to help you.

*What's the best time to visit?*

*What can we buy as a present?*

*What can a visitor see there?*

*What activities do you prefer doing there? Why?*

*What traditional food/drinks can we have there? What's the best way to get there? Why?*

Lesson 2

1 What adventure types do you prefer? Why? Work in groups of three and complete the table. Use the box below to give you ideas.

I prefer going scuba-diving in the ocean because I love sea life.  
 I prefer flying over Cappadocia to climbing a mountain because it is more exciting.  
 I would rather watch whales because it is so fascinating.  
 I would rather go rafting than go caving because it is more entertaining.

Example:

Student A: I prefer seeing the Pyramids because I am interested in historic places a lot.

Student B: I would rather join a motorcycle tour on a mountainous road because it's so adventurous.

Student C: I would rather go on a jeep safari in the desert because I love cars.

My Friend's Name	Adventure	Reason
.....	.....	.....
.....	.....	.....
.....	.....	.....

2 Write a short paragraph about two adventurous things, places or tourist destinations. First, compare them and then say which one you prefer seeing or doing with your reasons.

Example:

The Great Wall of China and Burj Khalifa in Dubai are two popular destinations. The Great Wall of China is older and longer than Burj Khalifa. It's also more exotic. You can walk for hours with a great pleasure there. Burj Khalifa is more modern and taller. There are lots of cafes, restaurants, etc. in it. I think I would rather see the Great Wall of China than see Burj Khalifa because it is a historic structure and I am interested in history and culture more.

### Lesson 3

1 Match the extreme sports with the photos. Write the numbers of the correct photos.

4 hang-gliding

heli-skiing

motor racing

underwater hockey

surfing

skydiving

2  6.3 Listen and fill in the blanks. Then listen again and practice.

**Evan** : What kind of sports do you ...prefer (1) doing, Scarlett?

**Scarlett** : Well, I like underwater hockey and surfing.

**Evan** : That ..... (2) interesting. Which one do you prefer the most?

**Scarlett** : I think I prefer underwater hockey to surfing because I like team sports more. You know team sports are always more amusing ..... (3) individual sports.

**Evan** : What kind of a sport is it?

**Scarlett** : Well, there are six players. It takes about 20 minutes and you play under the pool.

**Evan** : I ..... (4). I think underwater hockey is safer than surfing.

**Scarlett** : ..... (5). Surfing is more dangerous because you may drown or a shark can attack you at any moment.

3 Prepare a presentation or a short video about one of the sports or games describing its rules and how to play it.

## Lesson 4

1 What does “*Adrenalin Seeker*” mean? Look it up in a dictionary and tell what it means.

2 Scan the text below and write the names of the sports under the photos.

### ADRENALIN SEEKERS

*As Extreme Sports magazine team, we spoke with Mr. Clinton and Mrs. Miller about extreme sports.*

**ES** : *Highlining is a dangerous sport, Mr. Clinton. Why do you do it, and what was your greatest experience? And what’s the biggest danger?*

**Mr. Clinton** : Well, I love the adrenalin. When I move on the rope, I feel like I walk in the space. That’s a fascinating feeling. I walked between two hills about 600 meters two years ago. I think that was my greatest experience ever. The biggest danger is the wind. When the wind blows, you may fall and even die.

**ES** : *What’s base jumping? What qualifications should a person need to have to start it? And my last question: How dangerous is it?*

**Mrs. Miller** : In base jumping, we jump off a building, antenna, bridge or cliff. First, you fly and then open your parachute for a safe landing. A person should have hundreds of hours of practice in parachuting and skydiving to start this sport. And how dangerous is it? There is one death in every 2,317 jumps, and if there is a problem with your parachute, the end is so close.

3 Read the text and answer the questions.

1. How does Mr. Clinton feel when he moves on the rope?
2. What’s the biggest danger in highlining?
3. What places do base jumpers jump off?
4. What qualifications should a person have to start base jumping?
5. What’s the rate of death in base jumping?

4 What do you think of the sports above? Which one would you like to try? Why or Why not?

## Lesson 5

**1** Match the questions that have a similar meaning. Write the correct numbers in the blanks.

1. What is your favorite sport or activity?
2. When did you last do it?
3. Where did you do it?
4. What did you dislike doing?
5. Why did you like it?

..... I mean "What were the things you didn't like doing?"

..... In other words, what were your reasons for enjoying it?

..... I mean "What was the date?"

.../..... In other words, what sport or activity do you like doing?

..... I mean "Where were you?"

**2** **Pair Work:** What entertaining sports or activities have you done so far? Ask for the details about your friend's favorite sports/activities, and then inform the class about it. Clarify your questions when needed. You may follow the examples in Part 1.

**Example:** *Reyhan attended a summer camp with her school friends last year. The camp was in Akçay. They had many activities there. She liked horse riding most because she thinks horse riding was more amusing than the others.*

**3**  **6.4** Listen and complete the information.

1. When did Grayson last go on a kayaking journey?  
.....
2. What does he think about kayaking?  
He thinks it is .....
3. How old should a person be to attend it?  
.....
4. When is the kayaking club open?  
It's open from ..... to .....
5. How much does it cost (plus safety equipment)?  
It costs about .....

**4** Search for an activity your friends can do. Learn about its details such as price, time, equipment, etc. Then inform your friends.

## PROJECT

- 1** Search the Internet and find suitable towns/cities in Türkiye or in the world for different kinds of adventures. Prepare a poster. Explain which three or four of the adventures you would choose and why you would prefer them in your poster. Give some information about the adventures and use visuals to make your poster interesting and eye-catching.
- 2** Show your poster to the class. Why have you decided on these sports/activities? Share your reasons with your friends.

**Example:** I decided on rafting in Fırtına Deresi in Rize because it's very challenging. The river has also a wonderful scenery. It's fantastic to raft along the river. You can also do some other activities before or after rafting in Rize.

## Self - Assessment

# TOURISM

## Lesson 1

1 Match the popular tourist attractions with the photos.

- Masai Mara, Kenya
- Samarkand, Uzbekistan
- Venice, Italy
- The Alps, Swiss
- Bodrum, Türkiye
- Ephesus, Türkiye

2 Which tourist attractions in Part 1 do you prefer visiting? Choose your top two ones and give your reasons. Use the words in the box to help you. Follow the example.

**Example:** *I would rather visit Masai Mara in Kenya because I love wildlife, and you can see various types of wild animals there. I also prefer going to Samarkand because Samarkand is an important Turkish-Islamic center, and I'd love to see the historic sites there. To me, historical architecture is more beautiful than modern buildings.*

ancient	different architecture
incredible	historic sites
fascinating	modern
fantastic beaches	exotic
natural	adventurous

Lesson 2

1 What do you know about Andalucia and Spain? Share your ideas with your friends.

2 Where can you see the things below? Read the brochure and write the names of the correct cities in the blanks.

- 1. Golden beaches : ...*In Marbella*.....
- 2. White villages : .....
- 3. Torre del Oro : .....
- 4. Alhambra Palace : .....

**ANDALUCIA**  
A Land of Great Beauties

With its many kilometers of golden sand beaches, historic sites and those beautiful natural ports, Andalucia is a must-see place. Andalucia is in the south of Spain. You can have 3000 hours of sun per year. The weather is usually very good in autumn and spring. The offers for visitors vary from the golden beaches of Marbella to the famous "white villages" in Cadiz with their rich traditions. Andalucia is the "mother" of the Spanish folklore. Here you will live the magic of flamenco and bullfighting in their most authentic style. You will eat delicious migas or salmorejo. You will see the enormous cathedral, Torre del Oro, in Seville, the 1200 years old Great Mosque in Cordoba, the great Alhambra Palace in Granada and many others.

3 Read the text again and answer the questions.

- 1. Which seasons is the weather usually good in Andalucia? .....
- 2. What two activities can you see in Andalucia? .....
- 3. What two dishes can you eat in Andalucia? .....
- 4. How old is the Great Mosque in Cordoba? .....

4 Which of the places/things in Andalucia would you like to see? Give your reasons in the class.

Lesson 3

1 Look at the photos. What are their names? Where are they? What else do you know about them? Share your ideas with your friends.

2 Look up the words below in a dictionary and find out their meanings.

- |                          |                         |
|--------------------------|-------------------------|

| amphitheater (n) : ..... | abandon (v) : .....     |
| spectator (n) : .....    | weigh (v) : .....       |

3 7.1 Listen and number the photos in the order you hear. Put a cross (X) for the ones that are not in the recording.

**4**  **7.2 Listen again and answer the questions below. Give short answers.**

1. When did the construction of *Colosseum* end? ..... *In the year 80.*.....
2. What's the capacity of *Colosseum*? .....
3. How many magnificent rock structures does *Petra* contain? .....
4. When did Johann Ludwig Burckhardt rediscover *Petra*? .....
5. What's the oldest and longest construction project in history? .....
6. Why did the emperors of China build *the Great Wall of China*? .....

**5** Search for Machu Picchu, the Taj Mahal and Chichen Itza on the Internet. Write down some information about them. Then make groups of four and exchange your information about these places with your friends. Make comparisons while you exchange information.

**Example:**

**Student A:** Machu Picchu is an ancient Incan city.

**Student B:** That's right. It's about 2400 meters above sea level. It's higher than the others.

**Student C:** I guess the Incans built the city in the fifteenth century. Babur Shah built the Taj Mahal in the seventeenth century, and the Mayas built Chichen Itza in the tenth century, so Machu Picchu is older than the Taj Mahal, but it is more modern than Chichen Itza.

**Student D:** And I suppose the Incans abandoned the city after the Spanish invasion in the sixteenth century.

<b>Machu Picchu</b>	<i>It's an ancient Incan city, and it is 2,400 meters above sea level. The Incans built the city in the fifteenth century, and they left it after the Spanish invasion in the sixteenth century.</i>
<b>The Taj Mahal</b>	
<b>Chichen Itza</b>	

## Lesson 4

1 Look at the photos below. What do you know about them? Share your ideas with your friends.

2 Read the text and answer the questions.

1. When did Fatih Sultan Mehmet conquer Trabzon? .....
2. What's the population of the city? .....
3. What's the climate like? .....
4. What are the tourist attractions? .....
5. Where can visitors stay? .....
6. What are the special/traditional dishes? .....
7. What's the name of the folk dance in Trabzon? .....

## TRABZON

Trabzon is the biggest city in the Eastern Black Sea region. Trabzon was the capital of the Empire of Trebizond for hundreds of years. Fatih Sultan Mehmet conquered the city in 1461, and it became a Turkish city.

Its population is 758,237 and has an area of 4,664 km<sup>2</sup>. It has a warm and rainy climate whole year. It has lots of green forests and mountains with many rivers and highlands.

There are lots of places to see in Trabzon. Sümela Monastery, Uzungöl, Aya Sofya Mosque and Atatürk's Mansion are just a few examples.

There are lots of places to stay in Trabzon. You can find bed and breakfast hotels, hostels, all-inclusive hotels and state guesthouses.

Trabzon has a rich dish culture. *Kuymak*, *hamsi buğulama* (an anchovy dish) and Akçaabat meatball are some delicious examples.

Trabzon is one of the most remarkable cities in Türkiye with its history, culture, plateaus, traditional handcrafts, dishes, jokes, folk dances like *horon* and other beauties.

3 **Pair Work:** Compare Trabzon and Antalya in terms of tourism with your friends. Write down five differences and then share them with the class.

**Example:** *I suppose Antalya has more all-inclusive hotels than Trabzon. I guess Trabzon is greener than Antalya.*

*In my opinion/To me, ...  
I think ...  
I guess ...  
I believe ...  
I suppose ...*

## Lesson 5

### 1 Give an example for the types of holiday below.

A holiday in the countryside : .....*Uzungöl*.....      A seaside holiday : .....

A holiday on the mountain : .....      A city-sightseeing : .....

### 2 **Pair Work:** What type of vacations do you prefer going? A city sightseeing, a seaside vacation, a vacation on the mountain or a vacation in the countryside? Why? Give examples and make comparisons. You may use the words in the box to help you.

**Example:** *I'd rather go on vacation at the seaside because you can have more fun there, do more recreational activities and sports than the others. For example, you can swim, go scuba diving, ride on a jet ski, have a boat trip and do paragliding in Ölüdeniz.*

fun	boring
adventurous	relaxing
cheap	expensive
attractive	comfortable
cultural diversity	different activities

### 3 Listen and circle the best options.

- Justin prefers a *cruise/seaside/city sightseeing* holiday.
- He likes *relaxing/having fun/cultural diversity*.
- He last went to *Rome/Madrid/Milan*.
- He stayed at a(n) *all-inclusive/two-star/bed and breakfast* hotel.
- He thinks *Colosseum/St. Pieter's Square/Pantheon* is the most beautiful place.
- He liked *pizza/spaghetti/ice cream* the most.
- He stayed for *2/3/4* days.
- He spent about *€150/250/350*.

### 4 **Pair Work:** What's your favorite tourist destination? Ask for details about your partner's favorite destination and take notes. You may ask the questions below.

Where's it?

What are some tourist attractions?

Where can we stay?

What can we do there?

What's the best time to visit there?

What gifts can we buy?

What's the weather like then?

What are the traditional dishes?

### 5 Give information about your partner's favorite destination to the class. Use your notes in Part 4.

## Lesson 6

1 Read the questions below and tick (✓) the ones you have done.

### HAVE YOU EVER ...

- flown on a plane?
- seen a historic place?
- bought an interesting gift?
- done an extreme sport on holiday?
- ridden a horse or a donkey?
- eaten a foreign food?
- been abroad?
- guided visitors in your city?
- visited a museum?
- joined a group tour?
- attended a festival?
- gone sightseeing?
- gotten lost in a foreign place?
- had a bad holiday experience?
- stayed in an expensive hotel?

2 **Group Work:** Work in groups of four. Talk about your holiday experiences, ask about your friends' experiences and exchange your ideas. You may include good, exciting, bad, unpleasant, etc. experiences while you talk. Then inform the class about your friends' experiences. Use the conversation below to give you ideas.

**Kutay** : Have you ever been abroad?

**Naz** : Yes, I have. I have been to England.

**Erdem** : Really? When did you go there?

**Naz** : I went there two years ago.

**Aybars** : Why did you go there?

**Naz** : I went there for a language school.

**Kutay** : I see. Who did you go with?

**Naz** : I went alone.

**Cansu** : How long did you stay there?

**Naz** : I stayed there for about two months.

**Kutay** : Where did you stay?

**Naz** : I stayed in a dormitory.

**Aybars** : What did you do while you were there?

**Naz** : Well, I experienced a lot of interesting things. I attended my English classes, saw almost all the tourist destinations in London, learned about the British culture, visited the museums and made many friends.

**Cansu** : What didn't you like about London?

**Naz** : Well, it rained all the time and it was too expensive.

3  Listen and write the letters of the sentences in the correct places.

### We Are The Champions

**A** *I have taken my bows.*

**B** *But it's been no bed of roses.*

**C** *I have paid my dues.*

**D** *I have done my sentence.*

**E** *I've made a few.*

**F** *But I've come through.*

We are the champions, my friends,  
And we'll keep on fighting till the end.  
We are the champions.  
We are the champions.

No time for losers.  
'Cause we are the champions of the world.  
..... (5)  
And my curtain calls.  
You brought me fame and fortune, and  
everything that goes with it.  
I thank you all.  
..... (6)  
No pleasure cruise.  
I consider it a challenge before the whole  
human race,  
And I ain't gonna lose.  
(And I need just go on and on, and on,  
and on.)  
  
Chorus (x2)

4 What are the necessary values or the things to keep on fighting for till the end for a better life, country and world? Write two of the most important things in each category below in your opinion. Use the phrases below to give you ideas.

- justice
- equality
- cooperation
- mercifullness
- hospitality
- the rules and laws
- honesty
- unity of the family
- respect for others
- patience
- determination
- self-confidence
- being understanding
- Turkish culture
- the natural heritage

# CHORES

Lesson 1

1 Match the household chores with the photos. Write the numbers on the photos.

1. do the grocery shopping
2. wash/dry the dishes
3. do the laundry
4. load/empty the dishwasher
5. mow the lawn
6. wash the car
7. cook/prepare the meals
8. vacuum the house
9. iron the clothes
10. take care of the dog
11. take out the garbage
12. set the table
13. clean the windows

**2 Pair Work:** Ask and answer questions about your responsibilities at home. Use *always, usually, often, sometimes, rarely* and *never*. Follow the example.

**Example:**

*Student A: How often do you set the table?*

*Student B: I sometimes set the table. What about you? Do you ever mow the lawn?*

*Student A: No, I never mow the lawn because we live in an apartment building.*

**3** Read the questionnaire about the household chores and write three more chores. Then complete it with the answers of three of your friends. Keep in mind that you can write more than one person’s name in each question if necessary.

**Example:**

*Ali: Who must take out the garbage in your family, Arzu?*

*Arzu: My father and I must take out the garbage in my family.*

**4** Now, count the total number of the male and female family members for each chore in Part 3 and check (✓) the related box below. Are the results different from your family?

- 1. Males do more chores than females in my questionnaire.
- 2. Females do more chores than males in my questionnaire.
- 3. Males and females do the chores almost equally in my questionnaire.

## Lesson 2

1 Do you keep a diary? If so, what do you write about? Share with your friends.

2 Read Justin's diary below and put a tick (✓) in the correct boxes. Correct the false ones.

Dear Diary,

I got up very early today. I made my bed and tidied up my room. After that, I took my dog, Olive, for a walk in the garden. I like walking with Olive because it is so sweet. Then I came back home about 20 minutes later. I had a shower and then I prepared breakfast. My father usually prepares breakfast, but he was ill in the morning, so I wanted to help him. We had breakfast and then my sister and I left home for school. My sister and I always go to school together.

I arrived at school on time. We have some rules at school. We always have to keep our class clean and tidy. We have to be silent and listen to our teacher carefully. We should also be respectful of our friends. I am responsible for our class library. I always write down my friends' names when they borrow books and when they return the books, but there was a problem today. I couldn't find two of the books. I hope I will find them tomorrow.

After school, I picked up my sister from her school, and we came back home together. I must help my sister to do her homework. And of course I have to do mine and study for the exams. So, we studied together for an hour. Then I surfed the Internet and played online games. Then my father and I played basketball in our garden. My mother prepared dinner, and we had a delicious dinner together and chatted. My sister and I loaded the dishwasher and my father took out the garbage. Then we watched TV together and here I am. I must sleep now. See you tomorrow.

	True	False	
1. Justin has a dog and its name is Olive.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	.....
2. His mother usually prepares breakfast.	<input type="checkbox"/>	<input type="checkbox"/>	.....
3. His mother takes him and his sister to school.	<input type="checkbox"/>	<input type="checkbox"/>	.....
4. He's responsible for his class library.	<input type="checkbox"/>	<input type="checkbox"/>	.....
5. His mother helps his sister to do her homework.	<input type="checkbox"/>	<input type="checkbox"/>	.....
6. Justin took out the garbage after dinner.	<input type="checkbox"/>	<input type="checkbox"/>	.....

### 3 Think of a week and talk about your obligations/responsibilities at home or school.

**Example:** *I must help my father to clean up the garage of our house on Monday.*

*I have to return the books to the library on Tuesday.*

**My Responsibilities**

Monday	
Tuesday	
Wednesday	
Thursday	
Friday	
Saturday	
Sunday	

### 4 **Group Work:** Work in groups of four. Talk about your obligations/responsibilities that you don't like doing. How do you feel when you have those responsibilities? Make suggestions about your friends' dislikes if possible.

**Example:**

**Halit :** What are your responsibilities at home, Azra?

**Azra :** I am responsible for taking care of my baby sister on Saturday mornings. I sometimes get too annoyed while I take care of her.

**Beyza:** You should read books and listen to music while you take care of her. I am sure you won't get annoyed then. What about you, Halit?

**Halit :** I must do my homework on weekends. You know our teachers give us homework too much. I sometimes get bored when I have too much homework.

**Selim :** You are right. Our teachers shouldn't give us too much homework.

**Azra :** I think you should do your homework daily. Then you won't get any problems.

**Beyza:** Exactly. And I prepare breakfast on Sundays.

**Halit :** Me, too. I must make my bed every morning, but I don't like doing it every day.

**Beyza:** Yes, but we should always be tidy.

Lesson 3

1 Do you organize birthday parties for your family members? What kind of chores do you usually do for the preparations? Share your answers with the class.

**Example:** *We always clean up the house before the guests arrive.*

2  8.1 Are the sentences true or false? Listen and tick (✓) the correct boxes.

	True	False
1. They are planning a surprise birthday party for their grandfather.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
2. Nora and her mother will do the grocery shopping.	<input type="checkbox"/>	<input type="checkbox"/>
3. Logan will buy the birthday cake.	<input type="checkbox"/>	<input type="checkbox"/>
4. The mother will vacuum the rooms.	<input type="checkbox"/>	<input type="checkbox"/>
5. Nora will clean the bathroom.	<input type="checkbox"/>	<input type="checkbox"/>
6. The mother will tidy up the kitchen.	<input type="checkbox"/>	<input type="checkbox"/>

3  8.2 Listen to the rest of the conversation and answer the questions below.

- What does Logan want to do on Saturday? ..... *Go bowling with his friends.*.....
- How much money does he need for the activity? .....
- What does Nora ask Logan to do? .....
- Who is Sam in your opinion? .....
- What can you say about this family? Circle the correct one.
  - Everybody shares the responsibilities at home.
  - The kids don't help their parents much.

4 Organize a surprise birthday party for one of your classmates. What would you suggest doing to make the birthday party much better? Share your suggestions.

**Example:**

*Student A: We should decorate the class with balloons and ribbons.*

*Student B: We must/have to organize the places of the desks.*

*Student C: It's necessary to bring something to eat and drink.*

*Student D: We can bring MP3 songs.*

❖ Lesson 4

**1** What do your parents do or say when you help or don't help them with the household chores? Give examples and share your ideas with your friends.

**2** Read the comments on an Internet forum about the question of a mother and answer the questions. Give short answers where possible.

- |  |         |
|--|---------|
| 1. What's Britney's problem?                                 | 1. .... |
| 2. What chores do James's children do? <i>Write one.</i>     | 2. .... |
| 3. What does James advise Britney to do?                     | 3. .... |
| 4. What chore does only Valerie do?                          | 4. .... |
| 5. What does Valerie advise Britney to do? <i>Write one.</i> | 5. .... |

The screenshot shows a web browser window with a forum page. The browser's address bar is empty, and the menu bar includes File, Edit, View, and Help. The forum has three posts:

- Post 1:** A woman's profile picture is on the left. The text reads: "I have a seven-year-old son, and I want to teach him to do some simple household chores. What kind of chores do your kids do? How can I make my son help me to do the household chores? Can you please share your experiences?" Below the text is the name "Britney" and the date "02/10".
- Post 2:** The text reads: "I have a 13-year-old daughter and a 15-year-old son. They load and empty the dishwasher, clean the kitchen after dinner, tidy up their rooms and separate their laundry. How did we teach them to do these chores? Well, we taught them their responsibilities one by one. I am sure your kids can do some chores if you give them the responsibilities step by step." To the right is a man's profile picture. Below the text is the name "James" and the date "03/10".
- Post 3:** The text reads: "I have two daughters; 9 and 12. We have to help each other because we are all busy with work, school, piano and sports. We take turns doing dishes and cleaning the house. The only chore that I do all the time is cooking dinner. Everyone does everything else in our family. All our children have different responsibilities and understand the importance of helping others. They also get an allowance for these chores. I think you should first teach them the importance of helping and reward them when they do some chores." To the right is a woman's profile picture. Below the text is the name "Valerie" and the date "04/10".

**3** How should parents teach their children to do household chores? Share your suggestions.

*They should be fair and encouraging. They shouldn't get angry when we make some mistakes.*

Lesson 5

1 What subjects are you bad at school? What do you think you should do to make it better?

**Example:** *I'm bad at physics. I think I should solve more problems about physics to make it better.*

2  Listen and answer the questions.

1. Why's Kayla nervous?  
.....
2. What is Dylan's suggestion about learning Spanish much better?  
She should .....
3. Who must Kayla take care of?  
.....
4. What does Dylan hate doing?  
.....
5. Why does Audrey get bored in math class?  
.....

3 How would you feel in the situations below? Read and share your feelings. Use the words below to help you. You may use more than one word.

**Example:** *You must study for an important exam.*

*I'd feel bored and worried.*

- a. You must visit your grandmother at the hospital because she has a severe health problem.
- b. You must vacuum the entire house.
- c. You must make a presentation in front of your classmates.
- d. Your sister or brother asks you to help with his/her homework.

4 Read the information below and do a class activity.

Each student writes about one of his/her obligations/dislikes and his/her feelings about it on a piece of paper, and they gather them in a plastic bag or box. Then one of the students takes a piece of paper randomly and reads it aloud. Finally, a volunteer makes a suggestion about it.

Lesson 6

1 Do you like reading poems? Who's your favorite poet? Share with your friends.

2  Listen to the poems below. Then match the highlighted words/expressions with the definitions below.

- to do what someone tells you to do: .....
- a feeling of great sadness: .....
- to complain or become angry about something: .....
- something that is dirty and untidy: .....

3 Read the poems A and B. Write A or B in the boxes below.

- |   |  |
|---|--|
| <input checked="" type="checkbox"/> B The poem is about the chores at home. | <input type="checkbox"/> The poem says the school is cool.       |
| <input type="checkbox"/> The poem says we must always help our parents.     | <input type="checkbox"/> The poem says we get up before the sun. |

**A** School is a daily routine for us.  
 In the morning, we're sure to **make a fuss**.  
 Even when the sun is still not up,  
 Here we are, awake at 6 a.m. sharp.  
  
 We feel that school is such a bore.  
 We feel that school is such a chore.  
 Parents say, "School's great! Now, go!"  
 We say, "Well, how do you know?"  
  
 Late a minute and we have to run,  
 Eyes half open, shoelaces undone.  
 We reach school and we see our friends.  
 Immediately, the **gloom** ends.  
  
 We have a chat and go with the flow.  
 Then the bell rings, it is time to go.  
 But it depends on how we look at school.  
 Honestly, positively, school is cool.

**B** "I won't do it," Sally said,  
 "I will not clean my room.  
 I will not make my bed.  
 I like the **mess** and gloom."  
  
 "I won't do it," Sammy said,  
 "I will not mow the lawn.  
 I'd rather play with Ned and Ted.  
 And with my best friend Sean."  
  
 "Will not"  
 "Can not"  
 "Want not"  
 "Should not"  
  
 These words we must not say.  
 When mom or dad asks us for help,  
 We should always **obey**.

4 Write a poem about your responsibilities at home or at school. Write about your feelings in your poem. Then read out your poem in the class.

## PROJECT

**1** Follow the steps below and write a short paragraph titled “Chores”.

- Write about the responsibilities, likes and dislikes of your family members.
- Use *should, must, have to, necessary to, responsible for, in charge of, etc.* in your sentences.
- Describe the feelings of your family members about their responsibilities.
- Use the other structures/sentences you have learned throughout the unit.

**2** Ask your partner to read and check (✓) your paragraph by using the Peer Assessment Checklist below.

My partner has ...	Yes	A Little	No
– explained the responsibilities of his/her family members.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
– used <i>necessary to, should, responsible for, must, have to, in charge of, etc.</i> in his/her paragraph.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
– described the feelings of his/her family members.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
– used his/her word power effectively.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
– used grammar effectively.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
– used spelling and punctuation effectively.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**3** Make the necessary changes according to Peer Assessment Checklist and read out your paragraph in the class.

## Self - Assessment

How well can you do these things? Check (✓) the boxes.

I can ...	Very Well	OK	Not Yet
understand short talks describing chores/responsibilities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# UNIT 9

## SCIENCE

Lesson 1

1 Who is the most famous scientist in the world? Share your opinions.

2 Scan the text and write the birthplaces of the scientists.

Albert Einstein: ..Germany..... Avicenna (Ibn-i Sina): ..... Marie Curie: .....

A COMMON HUMAN ENDEAVOR: SCIENCE

Avicenna (Ibn-i Sina) was born in Bukhara. He studied Greco-Roman and Indian texts. Then he wrote almost 450 works on a wide **range** of subjects like philosophy, astronomy, medicine, **alchemy**, etc. His famous book “*The Canon of Medicine*” was a standard medical textbook at many **medieval** universities in the world.

Albert Einstein was born in Germany. He made many **contributions** to the field of theoretical physics. He produced perhaps one of the most famous **equations** ever: “ $E = mc^2$ ”. He is also famous for his “*Quantum Theory*” and “*Theory of Relativity*”.

Marie Curie was born in Poland. She was a famous chemist and physicist. She got two Nobel prizes. She had studies on radiation. She got the Nobel prize in 1911 for her discovery of radium and polonium.

3 Read the explanations below and write the correct highlighted words from the text.

1. A number of things that are all different, but are all of the same general type. .... *range* .....
2. A statement in math that shows that two amounts are equal. ....
3. Something you do to help make something successful. ....
4. Connected with the Middle Ages. ....
5. A science that tries to change ordinary metals into gold. ....

#### 4 Read the text and check (✓) the correct boxes.

	Avicenna	Einstein	Curie
1. She/He discovered radium and polonium.			✓
2. His/Her book was a medical textbook in many medieval universities.			
3. She/He has a theory called “ <i>Theory of Relativity</i> ”.			
4. She/He got two Nobel prizes.			
5. “ $E = mc^2$ ” equation belongs to him/her.			
6. She/He wrote about 450 different books.			
7. She/He was a chemist and physicist.			

#### 5 Search for a scientist. Write a short paragraph about his/her life, studies, accomplishments and books.

**Example:** Stephen Hawking was a British theoretical physicist. He was born on January 8, 1942. He was famous for his bestselling book “*A Brief History of Time*”. Doctors diagnosed a disease called ALS when he was 21 and said he couldn’t live until 25. But with determination, patience and self-confidence, he published many articles about the fields of cosmology and quantum gravity. He spent 30 years as a full professor of mathematics at the University of Cambridge.

He was the director of research at the Center for Theoretical Cosmology and he worked on a subject called *Black Hole Information Paradox* before he died in March 2018.

#### 6 **Group Work:** Share the information about the scientist that you searched in the previous activity with your friends.

## Lesson 2

1 Scan some of the scientific developments since the 1950s. Check (✓) the most important or interesting one(s) according to you.

1950s	1960s	1970s
<input type="checkbox"/> 1956 – TV remote control. <input type="checkbox"/> 1958 – The ultrasonic image of an unborn child.	<input type="checkbox"/> 1964 – Home kidney dialysis. <input type="checkbox"/> 1969 – Astronauts make the first steps on the Moon.	<input type="checkbox"/> 1974 – Barcodes on supermarket products. <input type="checkbox"/> 1975 – Birth of home computer.
1980s	1990s	2000s
<input type="checkbox"/> 1981 – CDs go on sale. <input type="checkbox"/> 1983 – Synthetic human insulin for sale.	<input type="checkbox"/> 1991 – The first Internet browser. <input type="checkbox"/> 1997 – Dolly the sheep, first cloned animal from an adult cell.	<input type="checkbox"/> 2001 – Scientists insert bionic eyes into retinas of blind men to restore their vision. <input type="checkbox"/> 2003 – The first hybrid car.

2 **Pair Work:** What's the most important scientific development in your opinion? Why? Discuss with your partner.

**Example:** *To me, the most important scientific development is the ultrasonic image of an unborn child because we can prevent the death of unborn babies.*

3 What are scientists working on today? Search for three of the interesting ones on the Net and write sentences. Find some photos of them. Then share them with your friends.

**Example:** Scientists are working on exploring the planets like Mars. They are also trying to kill all types of cancer cells with new techniques. Another interesting thing is that they are trying to improve cars without drivers.

## Lesson 3

**1** Match the sentences with the occupations in the photos. Write the occupations in the blanks.

1. ...*The astronaut*..... is trying to fix a problem on the space station.
2. .... is researching by using a microscope in the lab.
3. .... are conducting experiments in the chemistry class.
4. .... is operating the printing machine.
5. .... is putting a chemical substance in the test tube.
6. .... is examining his patient by using computed tomography.

scientist

students

technician

doctor

chemist

astronaut

**2** What did scientists do in the past and what are they doing about it now? Share your ideas with your friends. Follow the examples below to give you ideas.

**Example:**

*Student A: Isaac Newton discovered the gravity of the matter, and now scientists are exploring the solar gravity.*

*Student B: Graham Bell invented the telephone, and now scientists are working on 3D holographic phones.*

## Lesson 4

1 Look at the objects in the photos below. What do they have in common? Share your guesses.

2 Match the main ideas of each paragraph below. Write the letter of the related paragraph.

- Possible concerns about 3D printing technologies in the future.
- The advantages of 3D printing technologies.
- What's 3D printing and how does it work?

## 3D PRINTING

A 3D printing takes digital files and transforms them into real products. 3D printers can create everyday items or complex tools in a very short time. A 3D printer takes a material, melts it into thin layers onto a surface, moves up and prints another layer. After layer upon layer, you get a physical object.

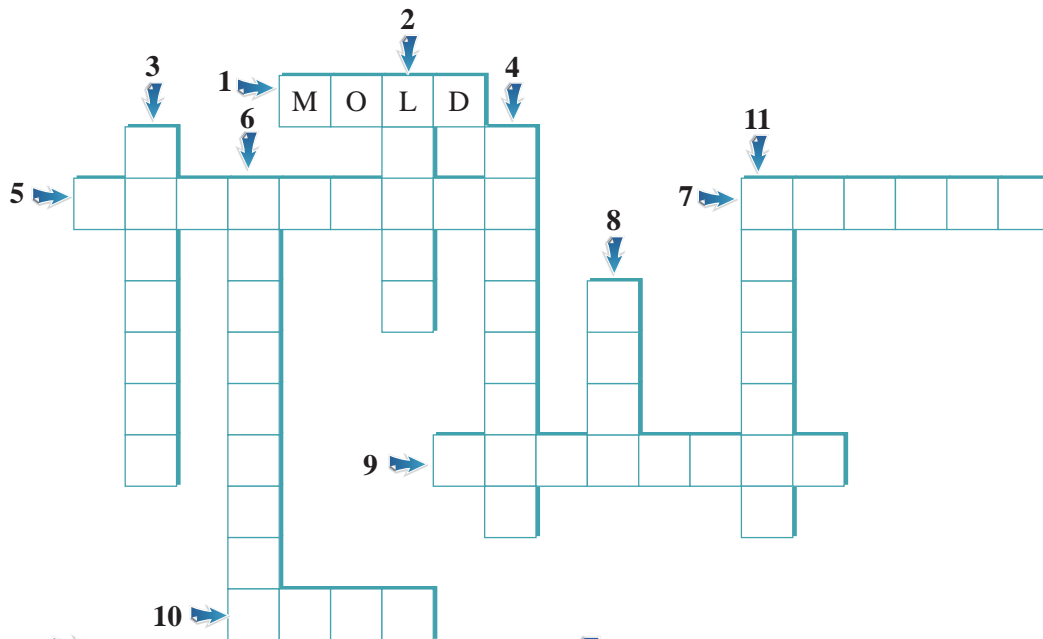

B 3D printing has various advantages. People are making all kinds of things with 3D printers. Today, you can create hundreds of thousand different objects in a very short time at a lower cost. Generating prototypes with 3D printers is much easier and cheaper than making molds. And interestingly, these objects are always very durable.

C Get ready for it—the next great debate will be about the political, ethical and religious questions about 3D printing technologies. Scientists at Cornell University successfully printed a human ear last year, and scientists in Scotland are developing a way to print stem cells. Another possible problem will be weapons. Today, it is possible to create a gun and fire it with the help of 3D printers.

### 3 Complete the puzzle with the highlighted words given in the text. Do not consider the suffixes.

ACROSS →

DOWN ↓

1. (Noun) A container that we use to make something in a particular shape.
2. (Noun) An amount or a piece of a material that covers a surface or that is between two other things.
3. (Noun) Something that people make in a factory in large numbers, usually in order to sell it.
4. (Verb) To cause something to exist.
5. (Noun) The first form that a new design of a car, machine, etc.
6. (Verb) To change the appearance or form of something completely.
7. (Noun) Discussion of a particular subject.
8. (Noun) A single thing in a list, group or set of things.
9. (Noun) A special type of cell in the body that can divide in order to form other types of cells.
10. (Verb) To heat solid until it changes into liquid.
11. (Adjective) Staying in a good condition for a long time.

### 4 Read the text again and answer the questions below.

1. How does a 3D printer create an object? Number the steps below.

prints another layer

melts a material into thin layers onto a surface

takes a material

moves up

2. Which one below is not an advantage of 3D printing?

a. more durable

b. cheaper

c. easier

d. more dangerous

3. Which ones are possible to print with the help of 3D printing today? Check (✓) the correct ones.

eye

ear

gun

heart

### 5 Group Work: Work in groups of four. Talk about the advantages and disadvantages of scientific achievements with your friends.

Lesson 5

1 Look at the photos below. What are they? What can they do? What can't they do? Share your guesses with your friends.

2  Listen and write the numbers of the robots in the order you hear.

3  Listen again and answer the questions.

1. What's the program about? Circle the correct one.
  - a. Different Types of Robots
  - b. The Future of the Robots
  - c. The Dangers of the Robots

2. What's the most advanced robot in the world?  
.....

3. What's the strongest robot in the world?  
.....

4. Which robot can wrap an object like the human fingers?  
.....

5. How many words can PAPER0 recognize?  
.....

6. How can AIBO inform you about your house when you are away?  
.....

4 Search for a robot and write about it. Describe its features and write about what it can do. Then make a short presentation about it. Use photos or videos to make your presentation interesting.

## Lesson 6

1 Look at the photos below. What's she doing in the photos? Share your guesses.

2 Read the text below and answer the questions.

In July 1960, Jane Goodall traveled from England to Gombe, Tanzania and entered the world of wild chimpanzees bravely. She only had a notebook and a pair of binoculars. But with her patience and optimism, she won the trust of these shy creatures. She managed to open a window into their hearts and lives. She has spent all her life doing research about chimpanzees and protecting them.

Today, she is 83 years old, but she is traveling around the world more than 300 days a year. She is giving conferences all over the world, giving lectures at different universities, talking on TV programs or talking to government officials, etc. Why? Because she wants to inform and encourage people to do their part to make the world a better place. *"Every individual counts,"* she says. *"Every individual has a role to play. Every individual makes a difference."*

1. When did she start her studies about chimpanzees?
2. Where did she do her studies?
3. How many days a year is she traveling around the world?
4. Why does she want to inform and encourage people?

3 What are people doing to protect the animals and nature? Search the Internet, newspaper, science magazines, etc. for some good examples to inform your friends. Find some photos or videos and talk in the class.

**Example:** *In this photo, university students are planting trees.*

PROJECT

- 1 Prepare a poster about scientific inventions/discoveries that have helped the world. Give short information about the inventions/discoveries in your poster. Use a piece of large size cartridge paper. Use visuals to make your poster interesting and eye-catching.

- 2 Make a presentation about your poster in the class.

**Self - Assessment**

How well can you do these things? Check (✓) the boxes.

## NATURAL FORCES

## Lesson 1

**1** What's life in your point of view? Say a few sentences about it.

**Example:** *To me, life is full of surprises, and it is worth living.*

**2** Do the quiz below and find out how well you know about the Earth.

### QUIZ ABOUT EARTH

- When lightning strikes, it can reach up to ..... degrees.
  - 300
  - 3,000
  - 30,000
- The only continent with no active volcanoes is .....
  - Africa
  - Australia
  - Europe
- Jamaica has ..... rivers.
  - 18
  - 75
  - 120
- ..... has the largest variety of flora in the world.
  - Bali
  - Türkiye
  - Norway
- The Earth experiences over ..... earthquakes a year.
  - 500
  - 5,000
  - 50,000
- The average iceberg weighs ..... tons.
  - 10,000,000
  - 20,000,000
  - 30,000,000
- ..... has the largest number of islands in the world (over 179,550).
  - Finland
  - Russia
  - Canada
- ..... is the only continent without a desert.
  - Europe
  - North America
  - Africa
- ..... is the most abundant element in the universe (75%).
  - oxygen
  - hydrogen
  - nitrogen
- The Earth's atmosphere extends to a distance of ..... km.
  - 5,000
  - 10,000
  - 15,000

1. c, 2. b, 3. c, 4. a, 5. c, 6. b, 7. a, 8. a, 9. b, 10. b

**3** What will the life on the Earth be like in the future? Share your predictions.

**Example:** *I think there won't be enough food or water for billions of people in the future.*

## Lesson 2

**1** Match the natural forces and disasters with the photos. Write the correct numbers.

3 flood

earthquake

landslide

hurricane

forest fire

tsunami

drought

avalanche

tornado

**2** How can we save the Earth and people from natural forces and disasters? Choose one of them. First, talk about why it happens. Next, suggest doing something against it. Finally, say a few things about what will happen if we don't take the necessary measures.

**Example:** *Drought is one of the natural forces and disasters that I'd like to talk about. It happens when we don't have enough rainfall and we waste too much water. We should use the water more efficiently. We should stop wasting our water sources. We should never pollute the rivers, lakes and seas. There should be programs to educate people on saving water. If we don't take the necessary measures soon, we won't have enough water to preserve and protect human life in the future.*

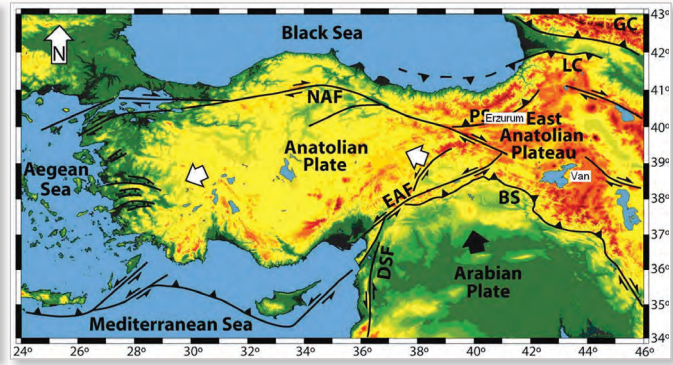

### Lesson 3

**1** What should/shouldn't we do during an earthquake? Share your opinions.

**Example:** *We should stay calm. We shouldn't use the elevator.*

**2** Read the article below and answer the questions.

1. When did the earthquake take place?
2. What was the magnitude of the earthquake?
3. How many people lost their homes?
4. How many centimeters a year do the plates on the surface of the Earth move?
5. What is the highest magnitude of the earthquakes?

An earthquake struck the city of Van in eastern Türkiye at 13:41 on Sunday, October 23, 2011. The magnitude of the Van earthquake was 7.2 on the Richter scale. It occurred at a depth of 20 kilometers. According to *The Disaster and Emergency Management Presidency of Türkiye (AFAD)* the earthquake killed 644 and injured 4,152 people. It also damaged 11,232 buildings, and about 60,000 people lost their homes. There were more than 11,000 aftershocks after the main quake.

What are the causes of the earthquakes? The outer surface of the Earth is not one homogeneous mass. It consists of large plates of various sizes. These plates move very slowly, approximately 8 to 12 centimeters a year. They can also move in different directions. Sometimes, they meet and stick together. Pressure builds up and they can jolt apart. This causes an earthquake and also explains why they reoccur in the same geographical areas where the surface is above these fault lines. Their severity varies, and the most common measure of this severity is the Richter scale. The highest magnitude is around 9.0.

**3** Why do we have so many deaths, injuries or physical damage during the earthquakes in Türkiye? Write a paragraph about the reasons and results of the earthquakes and why they affect us so severely.

Lesson 4

1 Look at the photos below. What do the people in the photos do? Where are they? What are they doing at the moment? Share your opinions with your friends.

2  Listen and answer the questions.

1. What's the natural disaster in the news?  
.....
2. How many people are missing?  
.....

3. What was the natural disaster in Üsküdar?  
.....
4. What did the disaster cause for a while?  
.....

5. What may take place after the hurricane?  
.....
6. What's the best defense against hurricanes according to Adam Putnam?  
.....

7. What country did the earthquake take place in?  
.....
8. What was the magnitude of the earthquake?  
.....

3 **Pair Work:** Have you ever experienced a natural disaster or seen one on TV? While you talk to your partner, ask for more information to check your understanding when you need.

**Example:**

*Bera:* A few years ago, I watched Etna erupting on TV.

*Mehtap:* Etna? Is Etna a volcano?

*Bera:* Exactly. It's an active volcano on the east coast of Sicily, Italy.

## Lesson 5

1 Look at the photos. Do you ever see similar events? If so, give some information.

**Example:** *When it rains a lot, I sometimes see some lightning.*

2 Scan the text and write the names of the natural phenomena under the photos.

## AMAZING NATURAL PHENOMENA

*We can see different natural phenomena in the world. Each of them is a great wonder. In this month's edition, we will introduce you to three of them.*

Volcanic lightning is the lightning in the middle of a volcanic eruption. Scientists are not sure about the reason for volcanic lightning, but here is one popular theory. When a volcano erupts, it ejects materials and gases into the atmosphere, and explosions take place. Then the amazing lightning occurs. It's very difficult to take photos of them.

You can see nacreous clouds before dawn or after sunset. They have extremely high altitudes. They reflect the sunlight in a different way. Nacreous clouds live in the lower stratosphere, and they are so dry that they often prevent cloud formation, but the extreme cold of polar winters makes this beautiful phenomenon possible.

A double rainbow is a natural wonder, and it means pretty much the same thing as a regular rainbow. Only, on occasion, sunlight reflects in a raindrop not once, but twice, and it creates a secondary rainbow. The best views of this phenomenon occur when the sky is still dark with rainclouds.

The Catatumbo lightning in Venezuela is a mysterious storm. You can see non-stop cloud-to-cloud lightning from a distance. The Catatumbo lightning occurs approximately 140-160 nights per year. It takes place around Lake Maracaibo and the mouth of the Catatumbo River.

### 3 Read the definitions below and write the related underlined words given in the text.

1. A powerful flash of light in the sky : ..... lightning .....
2. The process by which something develops into a particular shape : .....
3. Something that happens in nature, but it is difficult to understand : .....
4. The layer of the earth's atmosphere above the troposphere : .....
5. The amount of space between two places or things : .....
6. Sudden and powerful bursts : .....
7. So surprising and interesting : .....
8. More or less than a number or amount; about : .....
9. To happen; take place : .....
10. Normal or usual : .....

### 4 Read the text and answer the questions below.

1. What's volcanic lightning?  
.....
2. What does a volcano eject when it erupts?  
.....
3. When can you see nacreous clouds?  
.....
4. Where do nacreous clouds live?  
.....
5. When do the best views of a double rainbow occur?  
.....
6. How often does the Catatumbo lightning occur per year?  
.....
7. Where does the Catatumbo lightning take place?  
.....

### 5 Search for one of the natural phenomena and write a short paragraph about it by including the information such as its reasons, features, results, etc.

### Lesson 6

1 What are the possible problems of the Earth in the future in your opinion? Number the top five.

- |   |  |  |
|---|--|--|
| <input type="checkbox"/> water shortage     | <input type="checkbox"/> air pollution         | <input type="checkbox"/> wildlife conservation |
| <input type="checkbox"/> soil contamination | <input type="checkbox"/> global warming        | <input type="checkbox"/> fossil fuel depletion |
| <input type="checkbox"/> energy shortage    | <input type="checkbox"/> overpopulation        | <input type="checkbox"/> toxic waste           |
| <input type="checkbox"/> deforestation      | <input type="checkbox"/> ecosystem destruction | <input type="checkbox"/> biological pollutants |

2  Listen and complete.

	The name of the future problem	The cause of the problem according to him/her	What does she/he suggest doing?
<b>Samantha</b>	<i>Water Shortage</i>		
<b>Jacob</b>			

3 **Pair Work:** Ask and answer about your predictions about the future of the Earth and take notes. If your friend asks for clarification, answer his/her follow-up questions. Follow the example.

**Example:**

**Alev** : What will be the most threatening problem in the future, Oktay?

**Oktay** : I think it will be biological pollutants.

**Alev** : Biological pollutants? What do you mean?

**Oktay** : Biological pollutants are things like bacteria, viruses, molds, dust, pollen and infections. What about you, Alev? What do you think?

**Alev** : Deforestation will be a great danger. I'm afraid there will be no forests in the near future.

## Lesson 7

- 1** What can we do for a better world? Read the precautions below and write the names of the problems. Beware that you can write more than one problem for each precaution. You may use the expressions in Lesson 6.

The precaution against a potential problem	The name of the problem
1. Walk or bike more and drive less.	<i>fossil fuel depletion/global warming/air pollution</i>
2. Use less heat and air conditioning.	
3. Use less water in the shower.	
4. Plant trees.	
5. Use the “off” switch.	
6. Use energy saving light bulbs.	
7. Use non-toxic cleaning materials.	
8. Protect wild animals.	
9. Use recyclable products.	

- 2 Pair Work:** Ask about three of your friends’ predictions of the future of the world. Ask him/her to express reasons to support his/her predictions. Follow the example.

**Example:**

**Eray :** What are your predictions of the future of the world, Figen?

**Figen:** I think global warming will be a great danger in the future.

**Eray :** Why do you think so?

**Figen:** There is a very fast climate change in the world because of the global warming. There are more floods and droughts in different parts of the world. The glaciers are melting, too. So, climate change will be a very serious threat in the future.

- 3** Start a campaign on your social media account about the future of an environmental issue in Türkiye. Prepare a video expressing your predictions about it and give your reasons for starting this campaign.

PROJECT

- 1 Prepare a poster about possible natural forces and disasters in the future. Decide on three to nine possible ones. Use photos, drawings, illustrations, etc. to make your poster interesting and eye-catching.

- 2 Display your poster and express your opinions about the reasons and possible results of the natural forces and disasters in your poster.

Self - Assessment

How well can you do these things? Check (✓) the boxes.

## COMMUNICATION AMONG TEENAGERS

2000 teenagers aged 13 to 17 joined a study about how teenagers communicate in the USA.

The study asked teenagers to **rank** the methods of communication they would miss the most if they didn't have them **anymore**. The results are very interesting. Face-to-face communication with 58 percent comes the first, text a message with 28 percent comes the second and talk on the mobile phone with 5 percent comes the third.

Another result is that teenagers **typically** keep their phone calls short: 53 percent of teens, 59 percent of boys and 47 percent of girls said their calls **last** less than four minutes.

Video chats are becoming more popular according to the study. 23 percent of the **participants** said they are engaging in more video chats, and 83 **percent** of teens use video chats at least once a week. That makes sense. It combines some characteristics of face-to-face **interaction** with the ease of technology. More than one-third of teen video chatters said they use it for homework (just as the previous **generation** primarily used their mobile phones and home phones for homework).

Finally, the study shows that teenagers see technology (especially the mobile phone) as the most popular social **tool**; a way of belonging.

**B** Read the definitions below and complete the puzzle with the words given in bold in the text in Part A. Do not use the plural suffix of the words while you do the activity.

**ACROSS** ➔

- 3. **Not any longer.**

## Activity 5

**A** Read the text and write the correct type of the users in the blanks provided.

### Types of Social Media Users

There are five key types of social media users.

**The Influencer:** The influencer types are the most popular type of users in the social media world. They have tens of thousands of followers. Their followers see them as a reliable source of information and they like to listen to their advice.

**The Persuader:** The persuaders aren't necessarily experts in anything, and they certainly don't have the same followers as the influencer type, but they are also very popular on social media. The persuaders usually share content about their interests. They share content simply because they like sharing things. They love recognition.

**The Utilitarian:** The utilitarians use social media only for practical purposes. They spend a lot of time on social media looking for valuable information, product discounts or free offers.

**The Complainer:** The complainers aren't a fun type of social media users. They want to be public about their complaints. They often post angry messages on the websites of the companies.

**The Bystander:** The bystanders frequently log in to their accounts, follow the interesting news and check the important people and brands, but they don't do much beyond that. They don't share, like or comment on anything. You probably don't even know they are there.

1. .... want to be public about their complaints.
2. .... don't share, like or comment on anything.
3. .... love recognition.
4. .... have tens of thousands of followers.
5. .... use social media just for practical purposes.

As *Climber's World Magazine*, we have interviewed an ice climber in this month's edition.

**CWM** : Have you ever experienced any dangers, Whatt? Why do you like doing this sport?

**Whatt** : I fell down four years ago and broke my leg, but I started again after a couple of months. In ice climbing, we usually climb frozen waterfalls or glaciers. I think I love nature and freedom. Ice climbing gives me this feeling more than I expect.

**CWM** : What are the difficulties of this sport?

**Whatt** : There are a lot. You may spend hours, or even days, with your face against the side of a glacier or frozen waterfall. And the only thing you think of is to climb. But you may fall down any moment or get frostbite.

**CWM** : I see. What kind of equipment do you need for ice climbing?

**Whatt** : You need special shoes. We call them crampons. You will also need special thermal clothes. You know it is always

too cold up there. You need a special axe. It is 55.8 cm long. Of course, ice screws, ropes and a helmet for safety.

**CWM** : Can our readers do this sport as well?

**Whatt** : You can take climbing lessons. With the right training, I'm sure everybody can do it.

**CWM** : Thank you for sharing your time with us.

**Whatt** : My pleasure.

## A GREAT CHALLENGER: FELIX BAUMGARTNER

Austrian adrenalin seeker Felix Baumgartner is an expert parachutist. He completed a freefall flight across the English Channel by using a carbon wing.

Felix was born in 1969 and grew up in Salzburg, Austria. He dreamed of skydiving and flying helicopters, and astronauts on TV inspired him. He first skydived at the age of 16. He developed his parachute skills as a member of the demonstration team for the Austrian military. He supported himself by repairing motorcycles before he became a skydiving professional.

Felix has always wanted to test the limits. He set a record for the lowest base jump in history (from Rio de Janeiro's Christ the Redeemer statue), set world records twice for the highest base jump from a building (the Petronas Towers in Kuala Lumpur and the Taipei 101), and even landed inside a cave in Croatia.

Finally, Felix Baumgartner became the first man in history to break the sound barrier in freefall after skydiving almost 25 miles to the Earth from the edge of space.

1. How did he complete his freefall flight across the European Channel? .....
2. How old was he when he first skydived? .....

## EDİRNE

### *Its Location and History*

Edirne is located in the west of Tekirdağ. It is a province on the border of Türkiye and Greece. Murat I conquered the city in 1361. Because of its strategic location, Edirne was the second capital of the Ottoman Empire for 92 years until the conquest of İstanbul in 1453. Edirne is a living city; a museum with its mosques, religious complexes, bridges, old bazaar places, caravanserais and palaces.

The city is under the dominance of terrestrial climate. The summer seasons pass hot and dry while the spring season is rainy. The hottest months are June, July and August, and the coldest months are December and January. The average temperature in the summer is 23°C.

While you walk in the city, you will see the white cheese blocks in front of the local shops. *Hardaliye*, a mixture of mustard and hot almond with grape juice, is a delicious beverage of the city. Fragrant soaps, earthen pottery and **wickerwork baskets** are among the souvenir varieties of Edirne. You can buy **badem ezmesi**, *deva-i misk* candy, *mis* soap (fragrant soap) and white cheese in Edirne.

Don't leave without visiting the Edirne Museum, the Turkish-Islamic Works Museum and the **Health Museum**. You should visit historic **Alipaşa Shopping Mall**, Selimiye Mosque, historic train station and *Küllüye* of Bayezid II. You should have a delicious meal along the shores of Meriç and taste the famous **fried liver** meal of Edirne. Finally, you should definitely enjoy **Kırkpınar Wrestling and Cultural Activities** in the last week of June.

**B** Match the things/places given in bold in the text with the photos below and write their names under the photos. Get help from your parents or search the Internet when you need.

Activity 4

**A** Read the conversation and answer the questions.

**Cynthia** : Hey, Brenda! What's up?  
**Brenda** : Thanks, Cynthia. I'm doing great. And you?  
**Cynthia** : Fine, thanks. Teresa and I will drink coffee. Would you like to join us?  
**Brenda** : I'd love to, but I have lots of chores to do at home. You know I live with two girls, and today is our cleaning day.  
**Cynthia** : Chores! So boring!  
**Brenda** : Yeah, I find it disturbing, but you know we must tidy up to live in a clean and healthy house. By the way! Why don't you come over tonight? I have a good DVD movie. We can watch it and eat popcorn.  
**Cynthia** : That's a brilliant idea. See you tonight then.  
**Brenda** : See you. Take good care.

1. Does Brenda accept the invitation to drink coffee? Why or Why not?

.....

2. How does Cynthia feel about the household chores?

.....

3. What does Brenda invite Cynthia to do together?

.....

**B** Answer the questions below about you.

1. How do you feel when your mother asks you to help her in the kitchen?

.....

2. How do you feel when your teacher gives you too much homework?

.....

3. How do you feel when your father sends you to the supermarket to do some grocery shopping?

.....

### Activity 5

**A** Read the paragraph about Jaroen. Are the statements true or false? Check (✓) the correct boxes. Correct the false statements.

	True	False	
1. His mother must drive 65 km to work every day.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	.....
2. His father must sometimes work on weekends.	<input type="checkbox"/>	<input type="checkbox"/>	.....
3. Julie is responsible for vacuuming the floors.	<input type="checkbox"/>	<input type="checkbox"/>	.....
4. His mother prepares dinner alone.	<input type="checkbox"/>	<input type="checkbox"/>	.....
5. He goes from Lokeren to Ghent by bike.	<input type="checkbox"/>	<input type="checkbox"/>	.....
6. He has to study very hard for his school projects.	<input type="checkbox"/>	<input type="checkbox"/>	.....

My name's Jaroen, and I come from Belgium. I am 19 years old. I have a 15-year-old sister and a 3-year-old brother. Their names are Julie and Mathias. Both of our parents work. My father is a doctor at a state hospital here in Lokeren, and he always walks to work. He works very hard, and he sometimes stays at the hospital at nights and on weekends. My mother is a teacher at a language school, but her school is 65 km away from our home. She goes to work by car every day, but she always gets very tired after work. Our parents are not usually at home on weekdays, so my sister and I share some of the responsibilities. We should always tidy up our rooms. I am responsible for vacuuming the floors and watering the flowers. Julie is responsible for loading and emptying the dishwasher. My father has to take Mathias to a nursery school every morning. It is very close to our house. My mother picks him up when she comes back from work. As soon as she comes home, she starts to prepare dinner and my father helps her when he arrives home. My father is also responsible for doing the grocery shopping. I sometimes join him for help.

I have started to study at Ghent University this year. I go to the train station by bike and leave my bike at the station. Then I take the train to get to Ghent. It takes 20 minutes to get from Lokeren to Ghent by train. I am studying sociology and I really like it. We have lots of assignments to do, so I have to study a lot all the time. I hope I will be a good sociologist after I graduate, so I should study harder.

## Activity 1

**A** What are the students in the photos doing? Match the sentences with the photos.

- 4 They are studying and learning about human anatomy in the class.
- They are examining a biological sample by using a microscope.
- They are examining the structure of DNA model in science class.
- They are learning about the Earth in geography class.
- They are working on an electronic device.
- They are looking at the fossils of dinosaurs at a museum.

## Activity 2

**A** Match the scientific inventions that we use in our daily lives with the photos.

6 washing machine

aluminum foil

windshield wiper

air conditioner

sliding automatic door

airbag

**B** Circle the inventions, their inventors and invention dates in the text.

- Willis Carrier invented air conditioner in 1903.
- A research team invented the first airbags in 1973. Car companies started to use them after that year.
- Charles Martin Hall discovered aluminum foil in 1910.
- Lew Hewitt invented the sliding automatic door in 1954.
- Mary Anderson invented windshield wipers in 1903. Her goal was to improve driver vision during stormy weather.
- James King patented the first washing machine in 1851, but it wasn't automatic. People had to use their hands to operate it.

### Activity 3

**A** Read about the interesting scientific facts and answer the questions below.

#### INTERESTING SCIENTIFIC FACTS

Kangaroos can't walk backward.

Only koalas and humans have fingerprints.

Octopuses have three hearts.

You use 14 muscles to smile and 43 to frown. Keep smiling!

A blue whale's tongue weighs more than an elephant.

The human body has 2-3 million sweat glands.

There are 200,000,000 insects for each human.

Mosquitos are more attracted to the color blue than any other colors.

A 75-year-old person sleeps about 23 years in his/her lifetime.

Sharks can live up to 100 years.

The word "set" has the most number of definitions in the English language.

The largest snowflake was 40 cm wide and 20 cm thick. It fell in Montana in 1887.

Bamboo can grow up to 9.1 cm in 24 hours.

1. How many muscles do we use to smile?

.....

2. What's the most favorite color of the mosquitos?

.....

3. How big was the largest snowflake ever?

.....

4. How long can bamboo grow up within a day?

.....

5. Which animals except humans have fingerprints?

.....

6. How many insects are there for each human in the world?

.....

7. How many hearts do octopuses have?

**Activity 4**

**A** Scan the conversation and write the names of the exhibitions below.

The photo on the left : .....

The photo on the right : .....

**Alan** : Where were you on the weekend, Debbie?

**Debbie** : We were at a great exhibition. The name of it is “*The Human Body Exhibition*”. You should definitely see it.

**Alan** : Should I? What did you see at the exhibition?

**Debbie** : Well, the exhibition features over 200 bodies and individual organs. You really learn about the human anatomy. Have you ever been to a great exhibition?

**Alan** : Yes, I have. Last year, my family and I went to the “*International Robot Olympiads*”. We really had fun there.

**Debbie** : The International Robot Olympiads? What kind of organization is it?

**Alan** : Well, students from all over the world exhibit their skills about robots.

**Debbie** : Were you one of the competitors?

**Alan** : No, I wasn't. I was just a visitor. We registered online and it was free.

**B** Read the conversation and answer the questions.

1. Where was Debbie on the weekend? .....
2. How many items does the exhibition feature? .....
3. How did Alan register for the International Robot Olympiads? .....

## Activity 5

**A** Scan the text and answer the questions below. Give short answers.

1. What is the name of the inventor in photo A?
2. What is the name of the inventor in photo B?
3. What's the full name of the international fair in the text?

### Young Inventors

17-year-old Paul Hyman invented the new firefighting equipment that can prevent fires better and help firefighters. Hyman saw the dangers of smoke and flames in emergency situations. He invented a miniature infrared camera that fits inside firefighters' masks and allow them to see in thick smoke and flames. Firefighting experts and equipment manufacturers are interested in his work, and next year he hopes he will start his own fire safety product company.

Researchers travel hundreds of feet underground in extremely dangerous conditions to study underground environments. It can often take days to rescue a missing researcher because rescuers have no way of staying in touch with the trapped people. Ordinary radio transmitters and mobile phone signals can't penetrate large amounts of solid rock. When Alexander Kendrick was 16, he invented an electronic texting device. The device uses low-frequency radio waves that can penetrate rock more easily. It can transmit messages up to 300 meters underground. Kendrick's invention won him first prize at the *2009 International Science Fair*.

### Activity 1

**A** Complete the puzzle with the natural disasters given in the photos.

Activity 2

A Match the questions about natural disasters with their probable answers.

What usually happens after disasters?

I last saw a flood on TV.

To me, the worst natural disaster is earthquake.

What's the worst natural disaster in your opinion?

What kind of problems do people often have after a natural disaster?

Deaths, injuries and damage.

We can help them financially.

What are two possible natural disasters in Turkey?

What was the last natural disaster you saw on TV?

Earthquake and forest fire.

We can plant trees.

What can we do to prevent landslides?

How can we help the victims of a natural disaster?

They often have psychological problems.

### Activity 3

**A** Read the conversation and answer the questions.

**Debra** : This place is great, isn't it?

**Angela** : Absolutely. I love here.

**Debra** : But, there is a great danger to the forests. People are cutting down trees day by day.

**Angela** : I'm afraid you are right. There are also forest fires too often.

**Debra** : What else do you think will be a danger to the Earth?

**Angela** : Well, I think water pollution will be a great problem in the future because people don't care about the water sources well enough. What do you think? What will be a danger in the future?

**Debra** : I guess global warming will be a great danger.

**Angela** : Why do you think so?

**Debra** : Well, the climate is changing. There are more floods and droughts now than before. I'm afraid it will be worse in the future.

1. What are the dangers for the forests? .....
2. What will be a problem in the future according to Angela? .....
3. What will be a danger in the future according to Debra? .....

**B** Answer the questions below.

1. What's the most dangerous natural disaster in your opinion? Why?
  1. ....
  2. What can we do to prevent the results of a natural disaster?
    2. ....
    3. What will be a great problem for the Earth in the future?
      3. ....

Activity 4

A Match the news with the related photos.

A Tungurahua Volcano in Ecuador exploded at 2 a.m. last night. Authorities evacuated the area, but the eruption killed at least five people and destroyed a number of villages and roads on the eastern and northwestern slopes of the volcano. The volcano last erupted in February 2014.

B The historic flood killed at least 40 people in Serbia, Bosnia and Croatia and caused more than a billion dollars worth of damage. On Tuesday, Serbia declared three days of national mourning. In Bosnia, the government says the flood affected more than one million people; a quarter of the neighboring nation's entire population.

C The Canadian rescue teams are looking for survivors after an avalanche hit the Mount Tombstone yesterday morning. The avalanche killed 12 people and injured about 40 people. Local officials said that there are six missing people. They also declared that another avalanche risk in the region is too high.

B Read the news again and answer the questions below. Give short answers where possible.

1. How many people did the volcanic eruption kill? .....
2. When did Tungurahua Volcano last erupt? .....
3. How many dollars worth of damage did the flood cause? .....
4. What did Serbia declare on Tuesday? .....
5. How many people did the flood affect in Bosnia? .....
6. How many people did the avalanche kill and injure? .....
7. How many people are missing in the avalanche? .....

### Activity 5

**A** Match the explanations with the graphs below. Write Graph A or Graph B in the boxes.

The graph shows the economic loss because of natural disasters in Asia.

The graph shows the effects of natural disasters in the entire world.
